FLINT BABINEAUX
GAME PRODUCER

About Me

I am a Producer with a focus in Agile Scrum and iterative development with 4 years of experience. I am skilled in iterative workflows, marketing, force multiplying, and I adapt to new technology and onboard with ease.

Education

Champlain College

Bachelor's in Game Production Management | 2020 - 2024

- Studied Agile Scrum and its connected processes.
- Worked on numerous projects, each with new teams.
- Gained a comprehensive interdisciplinary understanding of game production.
- Learned from industry veterans from Riot, Bungie, TellTale, and many other studios.
- Took additional psychology and management courses to be best prepared for the industry.

Certifications

Certified Scrum Master

Scrum Alliance | Issued Mar 2023

Experience

Lead Producer | Riptide

3z Studios | Sept 2023 - May 2024

- Created interactive organization tools to keep the team on track with good pipelines.
- Led conversations around cuts and scope creep.
- Removed blockers by reaching out to professionals and individuals with experience in our blind spots.
- Led marketing efforts on multiple social media platforms.
- Tabled at PAX East and networked, gaining 200+ wishlists on Steam upon launch.

Producer | Champlain Game Studio

Sept 2020 - May 2024

- Led efforts on creating half a dozen games with different needs and standards.
- Managed many different small teams and aligned visions.
- Communicated among professionals, including a psychologist to create an educational children's game.

Skills

- Miro, Jira, Confluence, Google sheets, Premiere Pro, Photoshop:
- Unreal, Unity
- Cuts, team dynamics, conflict resolution, marketing, stakeholder management
- Analytics, Quality Assurance, recruitment/hiring, contract work
